

VOLKSWAGEN AMAROK 4X4 SHOCKS IN STOCK

Driveline Services Australia - the underbody and power transmission specialists, now offer their Durashock brand replacement shock absorber upgrade to suit **Volkswagen Amarok 4x4 vehicles**.

These custom designed shocks are suitable for standard height and up to 2 inch lift and **feature a reinforced lower bracket** to resist bending.

For ordering please use **24.VW4001** for front and **25.VW5001** for rear.

Please contact Driveline on **1300-DRIVELINE** if you require any further information.

Shorter bump stop to permit increased suspension travel.

Spacer adjustable spring seat height.

Reinforced lower bracket to resist bending.
